

# Go "SERFFING" with Rose

In House Actuarial Solutions' ongoing efforts to continually provide our clients with the most efficient and effective services possible, we have recently become a licensed third-party SERFF filer.

SERFF (System for Electronic Rate and Form Filing) allows the insurance industry to electronically send rate and form filings to state insurance departments, while at the same time allowing those state insurance departments the ability to quickly receive, comment on and approve those filings.

Therefore, SERFF provides faster regulatory approval of forms and rates, which in turn results in greater **speed to market**. To date, 48 states are accepting SERFF life filings and 45 states are accepting SERFF health filings.

Hause Actuarial Solutions, Inc. has executed the SERFF license agreement, secured filing blocks, set up the required remote hosting service, completed the two day training course, and met all of the software requirements.

If insurance companies are not SERFF licensed, they can still take advantage of all of the benefits SERFF provides, through our proactive efforts. Even if insurance companies are SERFF licensed, they can outsource their projects to us with confidence, knowing that they are not sacrificing speed to market.

In today's fast-paced, ever changing business environment insurance companies need forward thinking service providers that focus on the goals of their clients & use all of the resources & tools available to complete jobs as quickly and as cost-effectively as possible.

That is what Hause Actuarial Solutions does. We have made every effort to ensure the process for taking advantage of our SERFF capabilities is very simple, and that is why Hause Actuarial Solutions, Inc. should be the number one choice for outsourcing policy forms filing and compliance duties.

Contact either **Sean Dermody**, [seand@hauseactuarial.com](mailto:seand@hauseactuarial.com), or **Rose Leiter**, [rosel@hauseactuarial.com](mailto:rosel@hauseactuarial.com), or call toll-free at (877) 685-0180 and let them know you are interested in our SERFF filing services.

They will provide you with further information on our staff, cost estimates, and provide you with the required SERFF filing agreement.
